Subject: List of 480-3D Documents to Be Voided Following Deactivation and
Decommissioning of This Facility

Building 480-3D has been deactivated and decommissioned (i.e., demolished and all associated appurtenances removed). Since the facility no longer exists, the following documents need to be “voided” and no longer maintained in the DCR system.

1. S3-4-132 – Chemical Building Monorail
2. S5-4-610 – Office Addition Plans and Details
3. S5-4-611 – Office Addition Details
4. S5-4-612 – Office Addition Reflected Ceiling Plan
5. S5-4-613 – Office Addition Lighting and Electrical
6. S5-4-615 – Office Addition Piping
7. W138608 – Chemical Building 480-3D Heating Ventilation & Drainage
8. W138662 – Savannah River Plant Chemical Buildings No 480-2D and 3D
Electrical Arrangement – Conduit Plan and Sections
9. W137745 – Cooling Tower Chemical Bldg. 480-3D Piping & Arrangement Plans
& Sections

EC&ACP Engineering and Site Services have agreed that the above list of documents is the correct and comprehensive list of the documents to be voided. Other documents listed under 480-3D, but not shown on the above list, cannot be voided. Please advise when these documents have been voided. Please call me at 803-952-6533 or email me if you have any questions.
