In accordance with the terms of Section XXII.G of the Federal Facility Agreement (FFA) for the Savannah River Site (SRS), the U.S. Department of Energy (DOE) is submitting the subject information for your review and approval. **Appendix G – Site Evaluation Areas:**

No comments were generated. The appendix is approved as submitted.

**Appendix K – D&D Facilities:**

1. The DOE cover letter should be revised to note the following changes made to Appendix K during FY2021:
  - the removal of Building 242-12F, Radcon Trailer Near 2F Evaporator from Appendix K.1; and
  - the transfer of Buildings 651-6G, 681-7G, and 735-7G and Ancillary Facility Remnants from Appendix K.1 to Appendix K.2.

**Response: Clarification. The Revision 0 Appendix K for Fiscal Year (FY) 2021 (Print Date: 09/24/2020, Updated 04/19/2021) documented the removal of Building 242-12F, Radcon Trailer Near 2F Evaporator from Appendix K.1. In addition, the Revision 0 Appendix K for FY2021 (Print Date: 09/24/2020, Updated 05/19/2021) documented the transfer of Buildings 651-6G, 681-7G, and 735-7G and Ancillary Facility Remnants from Appendix K.1 to Appendix K.2. These updates are described in the Record of Modifications to the FFA for the Savannah River Site. Since these changes were made to the Revision 0 Appendix K for FY2021, they were not described in the DOE cover letter for the Revision 0 Appendix K for FY2022. In the future, the DOE cover letter will reference the previous appendix (and Update) that was used as the starting point for changes to the current appendix.**

2. The Powerhouse Maintenance Facility, Building 484-4D, does not appear to be on either FFA Appendix K.1 or K.2. Please add the appropriate appendix entry that reflects the regulatory review status for the Federal Facility Agreement Revision 0 Appendix C, G, and K for FY2022 (Print Date: 09/14/2021).

**Response: Clarification. Based on a review of the Administrative Record File for the submittal of the Revision 0 Appendices C, G, and K for FY2022 (IACD-21-165, dated September 16, 2021) (ARF-023395), Building 484-4D (SRS Index Number 1233) is located in Appendix K.1 at the top of page K.1-6.**

**Upon approval of these responses, SRS will make an editorial change to the name of the facility (i.e., Power Maintenance Facility Building to Power House Maintenance Facility Building) prior to adding Appendix K to the FFA.**

**No change to Appendix K is proposed based on this comment.**
