Aiken, South Carolina 29802

AREA COMPLETION PROJECTS

Re: Completion of Waste Removal in F-Area Diversion Boxes (FDB) 5 and 6 (SEMS Number: 23)

Dear Mr. Hennessey:

The Department has completed its review of the above referenced Completion of Waste Removal in F-Area Diversion Boxes (FDB) 5 and 6 agreement request. The Department understands that the U. S. Department of Energy (DOE) now considers waste removal efforts in FDB 5 and 6 located in the F-Area Tank Farm to be complete. Based upon our review of the *Industrial Wastewater Closure Module for F-Area Diversion Boxes 5 and 6 F-Area Tank Farm, Savannah River Site* (SRR-CWDA-2020-00011) and supporting references, the Department agrees that waste removal activities are complete and that further removal activities may cease. FDB 5 and 6 may now proceed with final closure activities, as applicable, for these ancillary structures.

If you should have any questions, please contact me at (803) 898-4331.

Sincerely,

Susan B. Fulmer
