The extension is granted, of course. I'll type of an official letter soon. I believe this is the first extension request by SRS so you just need to provide notification.

If not-please consider the request approved and let me know if you need a letter. I'm in Tampa conducting oversight/fieldwork but can type it up at night and forward. D

Susan/Jon;

Attached is the *Extension Request for the Submittal of the Removal Site Evaluation Report/Engineering Evaluation/Cost Analysis (RSER/EE/CA) for D-Area Coal Storage Area (484-17D) (U) (SRNS-RP-2018-00813, Revision 1) (including the Savannah River Site's Responses to Regulatory Comments on the Revision 0 Document) and Subsequent Milestones for the D-Area Coal Storage Area, SEMS Number: 63 (IACD-19-147)*. This letter needs Core Team approval by May 2, 2019.

Due to the time constraint needed for your approval (May 2, 2019), an advanced copy of the letter was necessary. A hard copy was placed in the mail for overnight delivery, with an expected delivery date to you on May 1, 2019.

Please note, a comment resolution meeting is scheduled for May 9, 2019 to address the comments.

Please contact me if you have any questions.

Thanks
