Jon and Susan,

In accordance with the discussion and agreements reached by the Core Team (U.S. Department of Energy, U.S. Environmental Protection Agency [EPA], and South Carolina Department of Environmental Services [SCDES] personnel) at the November 13, 2025, D-Area Groundwater
Operable Unit Post-Characterization Scoping Meeting. Savannah River Site is submitting the *D-Area Groundwater Operable Unit (OU) Annual Data Summary Report – 2025 Data (U)* (SRNS-RP-2026-00973, Revision 0, October 2026) for your review. The Excel file containing Tables 3 to 5 is also attached. PDFs of the tables are included in the 2025 Data Report. As agreed during the meeting, the data summary report will be shared annually via email until submittal of the RCRA Facility Investigation/Remedial Investigation Report with Baseline Risk Assessment currently scheduled for December 2029.

This is the third annual report to be submitted. The Savannah River Site submitted the responses to the regulatory comments on the D-Area Groundwater Operable Unit (OU) Annual Data Summary Report – 2024 Data (U) (SRNS-RP-2025-01191, Revision 0, October 2025) via email on April 23, 2026 (Reference 1). The SCDES and EPA approved the responses on the report via email on May 19, 2026 (Reference 2) and May 26, 2026 (Reference 3), respectively. The 2024 Data Report was not revised. However, the responses were incorporated into the 2025 Data Report, as applicable.

PDF Page 1 of 2

Please review the attachment and provide your response via email within sixty (60) days of receipt. The effort and time that the SCDES and the U.S. Environmental Protection Agency have given on the subject operable unit are appreciated. Please contact me if you have any questions, comments, or concerns.

Thanks
