Yes EPA approves this extension request for the Rev1 Proposed Plan and we'll follow with a letter by next week

Jon, apparently Diedre is on leave, as I received an automated Out of Office reply. **Would you please fire off an approval for the attached extension request today?** Approvals were requested by today, and we got SCDHEC's on Friday. Thank you.

Diedre,

The attached extension request needs to be approved today, as the Rev.1 Proposed Plan is otherwise due today. We have essentially resolved your comments, but the agreed-to extension will move the submittal date for the approved responses and Rev.1 redline SB/PP past the holidays.

SCDHEC approved the extension request on Friday. Thanks for your attention to this today.
