Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Notification of the Remedial Action Start Date for the Second Early Action at the D-Area Operable Unit, SEMS Number: 63

In accordance with the terms of the Federal Facility Agreement (FFA), the U. S. Department of Energy (DOE) is notifying the South Carolina Department of Health and Environmental Control (SCDHEC) and the U. S. Environmental Protection Agency (EPA) of the Remedial Action Start Date for the Second Early Action for the D-Area Operable Unit. The subunits for the selected Land Use Controls remedy are the 488-1D Ash Basin, 488-2D Ash Basin and the 488-4D Ash Landfill. For the 489-D Coal Pile Runoff Basin (Southern 75%) and the Inlet Basins portion of the 488-1D Ash Basin subunits, the selected remedy is No Action with unrestricted land use. The remedial action start was met on October 22, 2020, ahead of the FFA milestone date of September 3, 2021. On this date, Site Survey established the land use control boundaries that will be used for the professional land survey.

The effort and time that the SCDHEC and the EPA have given on the subject operable unit are greatly appreciated. Questions from you or your staff may be directed to me at (803) 952-8365, or the DOE Federal Project Director, Ms. Karen Adams, at (803) 952-7871.

Sincerely,

Brian T. Hennessey
