Mr. Jon Richards
Acting Savannah River Site Remedial Project Manager
Superfund Division
U. S. Environmental Protection Agency, Region 4
61 Forsyth Street, SW
Atlanta, Georgia 30303

Dear Ms. Fulmer and Mr. Richards:

SUBJECT: U. S. Department of Energy-Signed Record of Decision Remedial Alternative Selection for the Wetland Area at Dunbarton Bay in Support of Steel Creek Integrator Operable Unit (SRNS-RP-2013-00730, Revision 1, April 2018) CERCLIS Number: 71

In accordance with the terms of the Federal Facility Agreement (FFA), the U.S. Department of Energy (DOE) is submitting the subject document for your signature. The South Carolina Department of Health and Environmental Control (SCDHEC) and U. S. Environmental Protection Agency (EPA) approved the Redline Revision 1 Record of Decision (ROD) in letters dated April 11, 2014 and April 21, 2014, respectively. Due to the shifting of resources and priorities during 2014 and subsequent years, the ROD was not submitted for three-party signature. The clean copy of the ROD includes an updated three-party signature page and a revised implementation schedule (refer to ROD, Figure 6). The original document has been signed by DOE and is being provided to EPA for signature. Once the EPA has signed the ROD, please forward it to the SCDHEC for signature. Once all required signatures are completed, please return the original ROD to the Savannah River Site (SRS) for issuance to the public and distribution to the EPA, SCDHEC, and SRS personnel. The effort and time that the SCDHEC and EPA have given on the subject operable unit are greatly appreciated.

Questions from you or your staff may be directed to me at (803) 952-8365, or the DOE Federal Project Director, Ms. Karen Adams, at (803) 952-7871.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brian T. Hennessey".
