**RE: Facility Decommissioning Evaluation (FDE): Building 710-16D, Storage Building, G-FDE-D-00046, Revision 0, April 27, 2020, Cover letter dated May 28, 2020**

Dear Mr. Hennessey:

The South Carolina Department of Health and Environmental Control (SCDHEC) has reviewed the referenced document with respect to the Memorandum of Agreement for Achieving an Accelerated Cleanup Vision for the Savannah River Site (SRS). The Department has following comment.

Part 2, Evaluation, states that the apparent spill in Storage 8 was contained within the facility but the statement is not substantiated. The photograph in Figure 3 appears to show that the spill contacted the internal facility wall and may have migrated downward and outside the facility. Please address this concern.

If you have any questions, please contact Leigh Beatty at 803-642-1637 or via e-mail at [beattykl@dhec.sc.gov](mailto:beattykl@dhec.sc.gov).

Sincerely,
