Mr. Jon Richards
Savannah River Site Remedial Project Manager
Superfund Division
U. S. Environmental Protection Agency, Region 4
61 Forsyth Street, SW
Atlanta, GA 30303

Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Completion of Federal Facility Agreement Milestone "F-Tank Farm (FTF) Deactivation Plan" located in the *2019 Suspension Agreement Federal Facility Agreement (FFA) High Level Waste (HLW) Tank Milestones* (SEMS Number: 23)

In accordance with the Federal Facility Agreement (FFA), this letter is to inform you the Savannah River Site has completed the F-Tank Farm (FTF) Deactivation Plan identified in paragraph C.4.a. of the *2019 Suspension Agreement Federal Facility Agreement (FFA) High Level Waste (HLW) Tank Milestones* located in Appendix L of the FFA. This milestone is also listed in FFA Appendix D for Fiscal Year 2020.

The U.S. Department of Energy has met this FFA commitment by preparing the *Savannah River Site F-Area Tank Farm Deactivation Plan and Closure Strategy Rev. 1, May 2020* (SRR-CWDA-2020-00037). This document describes the process for deactivating and isolating the FTF and the necessary considerations for an eventual Record of Decision for the entire FTF Operable Unit. The effort and time that the South Carolina Department of Health and Environmental Control and the U.S. Environmental Protection Agency have given on the subject are greatly appreciated. We look forward to presenting and discussing this information with you in the future.

Questions from you or your staff may be directed to me at (803) 952-8365, or Aaron White at (803) 208-7248.

Sincerely,

BRIAN HENNESSEY
