Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Federal Facility Agreement Annual Progress Report for Fiscal Year 2025 (U) (SRNS-RP-2025-01668, February 2026)

In accordance with the terms of Section XXV, Reporting, of the Federal Facility Agreement (FFA) for the Savannah River Site (SRS), the U. S. Department of Energy is submitting the subject information for your files. This year's report summarizes information for major Area Completion Project activities for Fiscal Year (FY) 2025 and work planned for FY2026.

In addition to the requirements set forth in the FFA, this document contains the certification for those units utilizing land use controls (LUCs) as a remedy or part of a remedy, as stipulated in the LUC Assurance Plan for the SRS. The LUC certification also includes units with interim remedies that recognize SRS facility security and administrative controls that restrict unauthorized access as long-term protective of human health and the environment. The unit-specific LUCs for these units are deferred until final closure of the units.

The effort and time that the South Carolina Department of Environmental Services and U. S. Environmental Protection Agency have given on the subject document are appreciated.

Ms. Susan Fulmer
Mr. Jon Richards
