Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Decommissioning Project Final Report 720-F, Central Alarm Station (CAS) (V-PCOR-F-00098, Revision 0, September 11, 2026)

The U.S. Department of Energy (DOE) is submitting the subject document for your review according to the agreed upon protocol and the Memorandum of Agreement for Achieving an Accelerated Cleanup Vision for the Savannah River Site. Building 720-F, Central Alarm Station, was decommissioned using the Simple Model. The U. S. Environmental Protection Agency (EPA) and South Carolina Department of Environmental Services (SCDES) concurred on the use of the Simple Model in their letters dated July 7, 2025, and August 6, 2025, respectively. Per the subject document, the facility remnants will be added to Appendix K.2 of the Federal Facility Agreement upon SCDES' and EPA's approval of the subject document.

Please review the enclosed document with the goal of responding within sixty (60) days of receipt. The effort and time that the SCDES and EPA have given on the subject facility are greatly appreciated.

Questions from you or your staff may be directed to me at (803) 952-6211, or the DOE Program Manager, Mr. Khari Bell, at (803) 508-4460.

Sincerely,
