Heather and Jon,

The subject protocol is attached for your information and use. The attachment corrects the typographical error identified by the South Carolina Department of Health and Environmental Control in their email dated February 25, 2021. The U. S. Environmental Protection Agency did not have any comments on the protocol. As previously requested, the Savannah River Site will contact your agencies to schedule a meeting to discuss the new protocol. The effort and time that your agencies have given on the subject protocol are greatly appreciated.

Please contact me if you have any questions, comments, or concerns.

Thanks
