Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Proposed Plan for the Automotive Repair Shop (716-A) Operable Unit (U) (SRNS-RP-2026-00557, Revision 0 (corrected), July 2026) and United States Department of Energy Proposed Plan Fact Sheet for the Automotive Repair Shop (716-A) OU (U) (SRNS-RP-2026-00583, July 2026 (corrected)) SEMS Number: 62

In accordance with the terms of the Federal Facility Agreement (FFA), the U. S. Department of Energy (DOE) is submitting the subject information for your files. DOE submitted the *Proposed Plan for the Automotive Repair Shop (716-A) Operable Unit (U)* (SRNS-RP-2026-00557, Revision 0, July 2026) on July 8, 2026. The South Carolina Department of Environmental Services (SCDES) approved, and the U. S. Environmental Protection Agency (EPA) provided a comment on September 3, 2026 on the Proposed Plan. The Savannah River Site's response to the EPA's comment was submitted on September 30, 2026. EPA and SCDES approved the response on October 13, 2026, and October 29, 2026, respectively. Due to a change in the Corporate Communications contact, the approved Proposed Plan and Fact Sheet were corrected to update the contact information. The 30-day public comment period for the Proposed Plan is currently scheduled to begin on November 18, 2026 and end on December 18, 2026. The time and effort that the SCDES and the EPA have given on the subject operable unit are greatly appreciated.

Questions from you or your staff may be directed to me at (803) 952-6211, or the DOE Program Manager, Mr. Charles Bryan, at (803) 952-7505

Sincerely,

MATTHEW BAKER Digitally signed by MATTHEW BAKER
