AREA COMPLETION PROJECTS

Dear Mr. Hennessey,

EPA has received, reviewed, and concurs with the clean copy Revision 1 Engineering Evaluation/Cost Estimate for the Removal Action for the 235-F Building (dated February 2022) and the accompanying responses to EPA's comments on earlier versions of the document. The concurrently submitted draft Action Memorandum for the Non-Time Critical Removal Action for the 235-F Building is still under review.

EPA looks forward to continuing to work with DOE and SCDHEC to implement the removal action for the 235-F building. If you have any questions or require additional information, please contact me at (404) 562-8506.

Sincerely,

ROBERT POPE Digitally signed by ROBERT POPE
