Joe,

SCDHEC has reviewed the attached pdf and it satisfactorily addresses our comment sent on October 17, 2019. Please contact me if you have any questions or concerns.

Thanks,
 Heather

Heather,

On October 17, 2019, the South Carolina Department of Health and Environmental Control (SCDHEC) provided one Specific Comment on Section 2.3 of the Removal Action Report for the 488-1D Ash Basin and 489-D Coal Pile Runoff Basin (U) (SEMS Number: 63 (SRNS-RP-2018-01091, Revision 1 Redline, July 2019). After the Savannah River Site (SRS) received the comment, SRS personnel realized that page 11 (see attached) was inadvertently omitted from the hard

SRNS-OS-2019-00325

copy enclosures to the U.S. Department of Energy (DOE) submittal letter (IACD-19-181, dated September 19, 2019). Page 11 was correctly included in the electronic version of the document that was submitted with the page changes.

Please review the attached pdf along with the previously submitted electronic copy and provide SCDHEC's response that this information addresses your comment. This e-mail will be included in the Administrative Record File for completeness.

All,

Attached is copy of the Department's comments. The signed original was sent via mail.

If you should have any questions or require comment clarification, please contact the SCDHEC project lead, Ben Jumper, at 803-898-0905.

Thank you.
