Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Decommissioning Project Final Report D-Area Domestic Water Production Facilities (Building 483-7D and Ancillary Facilities) (V-PCOR-D-00078, Revision 0, September 14, 2026)

The U.S. Department of Energy (DOE) is submitting the subject document for your review according to the agreed upon protocol and the Memorandum of Agreement for Achieving an Accelerated Cleanup Vision for the Savannah River Site. D-Area Domestic Water Production Facilities (Building 483-7D and Ancillary Facilities) were decommissioned using the Simple Model. The South Carolina Department of Environmental Services (SCDES) and U. S. Environmental Protection Agency (EPA) concurred on the use of the Simple Model in their letters dated October 18, 2021, and December 16, 2021, respectively. Per the subject document, the facility remnants will be added to Appendix K.2 of the Federal Facility Agreement upon SCDES' and EPA's approval of the subject document.

Please review the enclosed document with the goal of responding within sixty (60) days of receipt. The effort and time that the SCDES and EPA have given on the subject facility are greatly appreciated.

Questions from you or your staff may be directed to me at (803) 952-6211, or the DOE Program Manager, Mr. Khari Bell, at (803) 508-4460.

Sincerely,

MATTHEW BAKER
