Dear Mr. Hennessey:

The Department has completed its review of the above referenced document pursuant to the Savannah River Site Federal Facility Agreement. Based on this review, the referenced document is approved as submitted.

Also, since all monitoring and reporting have been discontinued at the LBRP OU and institutional controls are no longer required, the Department agrees with DOE's request to designate LBRP OU as a No Action OU.

If you have any questions, please contact me at (803) 898-4331.

Sincerely,
