Ms. Susan B. Fulmer, P. G., Manager
Federal Remediation Section
Division of Site Assessment, Remediation and Revitalization
Bureau of Land and Waste Management
South Carolina Department of Health and Environmental Control
2600 Bull Street
Columbia, South Carolina 29201

Mr. Jon Richards
Savannah River Site Remedial Project Manager
Superfund Division
U. S. Environmental Protection Agency, Region 4
61 Forsyth Street, SW
Atlanta, Georgia 30303

Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Sixth Five-Year Remedy Review Report for Savannah River Site Operable Units with Engineered Cover Systems (U) Aiken, South Carolina (SRNS-RP-2020-00420, Revision 0, December 2020), Sixth Five-Year Remedy Review Report for SRS Operable Units with Engineered Cover Systems Fact Sheet (SRNS-RP-2020-00421, December 2020), and Scoping Summary for the Sixth Five-Year Remedy Review Report for Savannah River Site Operable Units with Engineered Cover Systems (U) (SRNS-RP-2020-00419, Final, September 2020) SEMS Number: 00

The U. S. Department of Energy (DOE) is submitting the Sixth Five-Year Remedy Review Report for Savannah River Site Operable Units with Engineered Cover Systems (U) Aiken, South Carolina (SRNS-RP-2020-00420, Revision 0, December 2020) and associated Fact Sheet (SRNS-RP-2020-00421, December 2020) for your review. The Draft Scoping Summary for the Sixth Five-Year Remedy Review Report for Savannah River Site Operable Units with Engineered Cover Systems (U) (SRNS-RP-2020-00419, August 2020) was emailed to the South Carolina Department of Health and Environmental Control (SCDHEC) and U. S. Environmental Protection Agency (EPA) for review on August 12, 2020. SCDHEC replied on August 26, 2020 that the draft scoping summary for the engineered cover systems (ECS) was acceptable and that a scoping meeting would not be required. However, EPA replied on August 27, 2020 that they would like to scope the remedy review report for ECS. A conference call was held on September 28, 2020 to review the scoping summary. There were no changes to the scoping summary based on the conference call. Therefore, the Scoping Summary (SRNS-RP-2020-00419, Final, September 2020) is enclosed to aid in your review of the ECS report.

Please review the report and fact sheet and provide any comments that you may have within ninety (90) days of receipt. The effort and time that the SCDHEC and EPA have given on the subject report are greatly appreciated.

Ms. Susan Fulmer
Mr. Jon Richards
