Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Notification of the Remedial Action Start Date for the Lower Three Runs Integrator Operable Unit, SEMS Number: 35

In accordance with the terms of the Federal Facility Agreement (FFA), the U. S. Department of Energy is notifying the South Carolina Department of Health and Environmental Control (SCDHEC) and the U. S. Environmental Protection Agency (EPA) of the Remedial Action Start Date for the Lower Three Runs Integrator Operable Unit. The remedial action start was met on January 24, 2023, ahead of the FFA milestone date of April 24, 2023. On this date, ground penetrating radar was completed to support the installation of an access control gate that is being installed as part of the land use control remedy.

The effort and time that the SCDHEC and the EPA have given on the subject operable unit are greatly appreciated. Questions from you or your staff may be directed to me at (803) 952-8365.

Sincerely,
