Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Effectiveness Monitoring Report (EMR) for the C-Area Groundwater (CAGW) Operable Unit Removal Action (U) April 2019 through June 2020 (SRNS-RP-2020-00566, Revision 0, September 2020) SEMS Number: 82

The U.S. Department of Energy (DOE) is submitting the subject document for your review. This Effectiveness Monitoring Report (EMR) is the first of five annual reports to document the effectiveness of the CAGW OU Non-Time Critical Removal Action and focusses on the data collected from April 2019 through June 2020. In addition, based on agreement at the July 18, 2017 scoping meeting, this report also contains the previous year's data from the broader CAGW groundwater monitoring network. Please review the information and provide any comments that you may have within one hundred twenty (120) days of receipt.

The effort and time that the U.S. Environmental Protection Agency and the South Carolina Department of Health and Environmental Control have provided on this operable unit are greatly appreciated. Questions from you or your staff may be directed to me at (803) 952-8365, or the DOE Federal Project Director, Ms. Karen Adams, at (803) 952-7871.

Sincerely,

**Brian T.
