Ms. Susan B. Fulmer, P. G., Manager
Federal Remediation Section
Division of Site Assessment, Remediation and Revitalization
Bureau of Land and Waste Management
South Carolina Department of Health and Environmental Control
2600 Bull Street
Columbia, South Carolina 29201

Mr. Jon Richards
Acting Savannah River Site Remedial Project Manager
Superfund Division
U. S. Environmental Protection Agency, Region 4
61 Forsyth Street, SW
Atlanta, Georgia 30303

Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Facility Decommissioning Evaluation Building 236-H, By-Product Purification Facility (G-FDE-H-00005, Revision 0, March 21, 2018) Integrated Sampling Model

The U. S. Department of Energy (DOE) is submitting the subject Facility Decommissioning Evaluation (FDE) for your review according to the Memorandum of Agreement for Achieving an Accelerated Cleanup Vision for the Savannah River Site. The Integrated Sampling Model is the selected decommissioning model for Building 236-H, By-Product Purification Facility. Since this facility will be decommissioned using the Integrated Sampling Model, it may warrant a response action during the area closure process and will be included in Appendix C.4 of the Federal Facility Agreement. DOE is submitting the FDE according to the FDE Protocol. An overview and walk down are not currently scheduled for Building 236-H, By-Product Purification Facility. Please contact DOE if your agencies are interested in an overview and field visit.

Hard copies and compact disks are enclosed according to the agreed upon distribution. Please submit your concurrence and/or comments to me within thirty (30) days of receipt. The effort and time that the South Carolina Department of Health and Environmental Control and U. S. Environmental Protection Agency have given on the subject report are greatly appreciated.

Ms. Susan Fulmer
Mr. Jon Richards
