JAN 16 2024

Ms. Susan B. Fulmer, P. G., Manager  
Federal Remediation Section  
Division of Site Assessment, Remediation and Revitalization  
Bureau of Land and Waste Management  
South Carolina Department of Health and Environmental Control  
2600 Bull Street  
Columbia, South Carolina 29201

Mr. Jon Richards  
Savannah River Site Remedial Project Manager  
Superfund Division  
U. S. Environmental Protection Agency, Region 4  
61 Forsyth Street, SW  
Atlanta, Georgia 30303

Dear Ms. Fulmer and Mr. Richards:

**SUBJECT:** Remedial Investigation Work Plan for the Automotive Repair Shop (716-A) Operable Unit (U) (SRNS-RP-2023-01234, Revision 0, January 2024) and the Scoping Summary for the Automotive Repair Shop (716-A) and Paint Shop Building (725-A) Operable Unit (U) (SRNS-RP-2023-00820, October 2023) SEMS Number: 62

In accordance with the terms of the Federal Facility Agreement, the U. S. Department of Energy (DOE) is submitting the subject report for your review. The Remedial Investigation Work Plan scoping meeting was held via Microsoft Teams on October 2, 2023. During the scoping meeting, DOE, U. S. Environmental Protection Agency (EPA) and South Carolina Department of Health and Environmental Control (SCDHEC) agreed that there are no problems warranting action at Paint Shop Building (725-A) facility remnants. Therefore, the title of the Work Plan and all future milestones/submittals will only refer to the Automotive Repair Shop (716-A). The results of the meeting are documented in the Scoping Summary, which is enclosed to aid in your review of the report. Please review the report and provide any comments that you may have within ninety (90) days of receipt. The effort and time that the EPA and the SCDHEC have given on the subject operable unit are greatly appreciated.

Comments or questions from you or your staff may be directed to me at (803) 952-7805, or the DOE Operable Unit Manager, Charles Bryan, at (803) 952-7505.

Sincerely,

**AVERY
