Dear Ms. Fulmer and Mr. Richards:

SUBJECT: Notification of the Treatability Study Field Start for Groundwater Injection and Discharge Canal Treatment at the D-Area Groundwater Operable Unit, SEMS Number: 63

In accordance with the terms of the Federal Facility Agreement (FFA), the U.S. Department of Energy (DOE) is notifying the South Carolina Department of Health and Environmental Control (SCDHEC) and the U.S. Environmental Protection Agency (EPA) that the Treatability Study Field Start for Groundwater Injection and Discharge Canal Treatment at the D-Area Groundwater Operable Unit was met on December 17, 2019 ahead of the FFA milestone date of January 31, 2020. The field start date was met with installation of one of the injection wells that are required for the treatability study.

The effort and time that the SCDHEC and EPA have given on the subject operable unit are greatly appreciated. Questions from you or your staff may be directed to me at (803) 952-8365, or the DOE Federal Project Director, Ms. Karen Adams, at (803) 952-7871.
